

November 23, 2003

Dear _____,

I want to thank you and Royce for your help over the past two years in planning our daughters' B'not Mitzvah. The evening went exactly as I had envisioned it. Dean did a great job with the video and the Karaoke, but it was the band *NEW MONOPOLY* that made the event.

I remember our initial meeting and discussion concerning what type of band I was looking to hire. You showed me the band's promo video and recommended that my wife and I see them live at Bohager's Christmas party. The band's appearance and musical talent was truly impressive. The following week I booked the band.

NEW MONOPOLY has an extensive play list from which I created my own song list for the entire evening. I spoke to Justin several times prior to the event concerning the songs and the time line. The band did a perfect job playing continuous music all evening and only played the songs I selected. Everyone from age thirteen to sixty was up and dancing the entire night. The band surprised me by learning and playing a song I mentioned to Justin in passing that was not on their list.

I highly recommend

NEW MONOPOLY!

Sincerely,

Barry A. Preiss
