Dear :

Thank you and the New Monopoly Band for making Dana and Craig's wedding reception this past Sunday, August 31st, so special. The band exceeded our expectations in providing all kinds of wonderful dance music throughout the whole reception.

The dance floor was crowded to capacity throughout the evening with everyone dancing and enjoying themselves. Everyone kept complimenting us on what a great band we had hired. And apparently they let the band know that directly also. At the end of the evening I asked Scott and Justin for some business cards, and they told me that they had already depleted their supply.

Again, we were so very pleased with the band – their music and their professionalism. We would recommend them in a heartbeat to anyone planning an event with live music and/or dancing.

Sincerely,
